Remarks and Response to Restriction/Election Requirement

The drawings were amended in accordance with the amendments above. All of the drawings (Figs. 1A through 8) have been converted from informal hand drawings to formal drawings in accordance with the replacement sheets attached hereto. No new matter is believed or intended to be involved.

The Office Action dated 03/22/2005 included a requirement that applicant elect from purportedly separate species A (claims 2, 10), species B (claims 3, 11), and species C (claims 4,12) for prosecution on the merits. Claims 1, 5-9, 13-16, and 19-21 were conceded to be generic. Applicant submits that the election requirement was in error. Applicant therefore respectfully requests reconsideration of the requirement. Nevertheless, Applicant provisionally elects species A, with traverse.
